

## November Family Resources

### Light up a Grave

This could happen on All Saints Day (this year it is a Monday or on Halloween before the festivities begin). Invite members of your family to gather (mindful of current Covid advice) at the cemetery where your loved ones lie at rest.

- Observe a minute's silence
- Ask the youngest to place a lighted candle on the grave
- Say together this prayer or some other one dear to you
- Leave the candle behind as a symbol of eternal light

### Family Graveside Prayer

Eternal light of gentleness and compassion,  
keep watch over our loved ones resting here.  
May the light of Your mercy shine on them.  
May their goodness comfort our souls in times of stress  
May their memory always live in our hearts. Amen.

## Your Two-Faced Pumpkin

Get added value out of your Hallowe'en Pumpkin by making use of the two sides of it. One has the traditional scary face etched out while the other one has a cross cut into the skin.

Turn around the Christian face on All Saints Day (1 November) when Hallowe'en is over. With a candle inside, you will have a remembrance symbol of the cross that is lit from within.
